

Every Bite Matters

Meeting Standard 6 – Food & Nutrition

Exceed Standard 6 with every bite

Our meals reduce waste, save staff time, and support resident dignity – because every bite matters.

Pillar 1

Safety and compliance

- Products meet IDDSI standards (Levels 3-6)
- Consistent textures across every plate
- Reduced risk of choking or aspiration

Pillar 2

Resident and patient experience

- Visually appealing meals that look like real food
- Choice and variety to reduce flavour fatigue
- Dignity and enjoyment at mealtimes

Pillar 3

Operational efficiency

- Portion-controlled, nutritionally balanced meals
- Reduced food waste and cost savings
- Staff time focused on care, not hours in the kitchen

The new aged care standards aren't just about compliance.

They're also about better, more positive outcomes for residents and providers alike.
